

Activity 2-3: Let a Child Take You for a Walk

Child's/Companion's name:

Child's/Companion's age:

Date of walk:

Where did your child/companion lead you? What part of the park did you spend the most time in? What features were they drawn to? What type of path did they take (straight, winding, on or off paths)?

What did your child/companion interact with (touch, pick up, move, reshape, climb)?

What did your child/companion want to share with you? (By physically giving you or talking about)

What questions did your child/companion ask?

What surprised you? What did you notice for the first time or see in a different way?
